Toddy® Cold Brew System - Commercial Model Filters with Strainer

Toddy® Filters are made with natural paper and fabricated to precise requirements specific to the Toddy® Cold Brew System - Commercial Model.

Each case of 50 Toddy® Filters also includes one Toddy® Strainer that acts as a secondary filter to further ensure that no coffee grounds seep into your concentrate.

The Toddy® Cold Brew System - Commercial Model Paper Filters with Strainer have been certified for food contact in accordance with US FDA and EU regulations.

Made in Loveland, Colorado by Toddy, LLC.
